

SPRING 2019

SUSTAINABLE FUTURES SPEAKER SERIES

The environmental sustainability of energy use at HSU

- a panel discussion -

Thursday, April 4

5:30 - 7:00 pm in Founders Hall 118

Humboldt State has set ambitious climate action goals — including a target to achieve an 80% reduction in greenhouse gas emissions relative to 1990 levels by 2040. This panel will highlight the challenges and opportunities at HSU for reducing energy use and greenhouse gas emissions. The discussion will include an overview of campus energy use patterns, current approaches for reducing energy use and emissions, and possible future strategies to make progress toward the university's climate action goals.

Panelists include:

- Andrea Alstone, Energy Planner and Analyst at HSU
- Morgan King, Climate Action Analyst at HSU
- Gwelen Paliaga, Technical Director at TRC
- Oona Smith, Senior Planner for the Humboldt County Association of Governments
- Moderator Arne Jacobson, Director of the Schatz Center

The Sustainable Futures Speaker Series is sponsored by the Schatz Energy Research Center, the Environment & Community graduate program, and the College of Arts, Humanities & Social Sciences at Humboldt State University.
